# Qualatex® Custom Pastel Colors

Utilisez ces combinaisons pour créer des teintes délicates pour toutes les occasions.

## LEGEND

Outside Balloon  
▲ Inside Balloon  
**Custom Balloon**

Les pastels craies sont créés en introduisant des couleurs vives dans un ballon blanc Qualatex. En utilisant cette technique, ces ballons prennent une apparence mate qui crée un look unique, semblable à la craie sur un tableau noir.

Pour des teintes pastel plus chaudes, insérez des ballons dans des couleurs chaudes, telles que Ivory Silk, Pink et Blush. Cette technique offre une dimension supplémentaire qui ne peut tout simplement pas être obtenue avec un seul ballon.
